Rotation problem when creating PDF. But when using 'press quality' job options, any landscape jobs would automatically rotate to portrait. What this means to us now is that, for example, a 2 sided, landscape business card would result in a portrait PDF that when sent to this particular vendor would end up having the second side printed upside down.

The Holy Spirit in creation According to Moltmann (1985:9) the trinitarian interpretation of creation in theological tradition has tended to emphasise God the Father as creator, in contradistinction to his creation, in a monotheistic way. Consequently attempts were made to develop a specifically christological doctrine of creation.

The last type of cultural landscape is an associative cultural landscape. An associative landscape is much like an organically evolved landscape, except physical evidence of historical human use of the site may be missing. Its significance is an association with spiritual, economic, or cultural features of a people.
