World history or Global history (not to be confused with diplomatic, transnational or international history) is a field of historical study that emerged as a distinct academic field in the 1980s. It examines history from a global perspective. It is not to be confused with comparative history, which, like world history, deals with the history of multiple cultures and nations, but does not do so ...

The origins of Palestinians are complex and diverse. The region was not originally Arab ~ its Arabization was a consequence of the inclusion of Palestine within the rapidly expanding Arab Empire conquered by Arabian tribes and their local allies in the first millennium, most significantly during the Islamic conquest of Syria in the 7th century. . Palestine, then a Hellenized region ...
